

Since 1994, Kimble Recycling & Disposal, Inc. has provided convenient recycling service to our Eastern Ohio customers. Take a minute to learn about our easy recycling program and what we recycle.

The biggest issue with curbside recycling for all recycling haulers is the large amount of contaminates received within the recycling carts (see pictured). Items such as trash bags, food residue, styrofoam, batteries, electronics, etc. are among the top contaminates and are not accepted at our recycling center.

If your item is not on the approved list please place it directly into the trash. All items should be cleaned and dried before being placed into the cart - unbagged. Together, we can help protect the environment and build a more sustainable future.

RECYCLING RIGHT - In 3 Easy Steps...

1 When in doubt... **THROW IT OUT!**

Make sure that all items are on the Kimble Recycling Center's approved list of accepted recyclables. If the item is not on the list or if you are unsure place it directly into the trash.

2 Recyclables must be clean and dry.

Food is considered a contaminate. No dirty peanut butter jars or bottles with water still in them. Cardboard must also be clean and dry. Greasy pizza boxes are not recyclable.

3 No need to sort or bag your items

Place your approved recyclables in your Kimble Recycling Cart all together. Items should be loose and unbagged. Bags are a contaminate at our Recycling Center.
